Theme of the Conference

Dravyaguna is relatively fast growing and flourishing branch of Ayurveda. Research on medicinal plants is now a trend as it encompasses natural remedy in combating diseases especially of present era. Progressively newer drugs and actions of known as well as extra-pharmacopreial drugs are being incorporated. These phenomena enforce us to review the principles of Dravyaguna with renewed technical knowhow.

Dravyaguna is a fundamental subject of Ayurvedic Pharmaceutical Sciences and recent developments must be ethically incorporated in to contemporary Research. The subject can serve as fundamental science for invention of Novel drugs and recently Cheminformatics approaches have been applied to classical Ayurveda for searching Novel chemical entities. Dravyaguna is a combination of Herbal Pharmacology, Pharmacognosy, Phytochemistry and Clinical Pharmacology.

Rasashastra & Bhaishajya Kalpana is Ayurvedic Alchemy & Pharmaceutical science which deals with various pharmaceutical processes of Herbal and Mineral drugs. In the vicinity of Nano-technology, Ayurvedic Bhasmas are ancient illustration based on Nano-technology which demnonstrate nano particle size in its finished form. More scientific evidences have to be gathered to emphasize the concept of herbo-mineral combination in combating diseases at very faster rate with the advent of contemporary technology.

This National Conference is intended for highlighting the need for an integrated approach regarding Herbo-mineral drugs & Pharmaceutical research. As our Hon'ble Prime Minister Sri Narendra Modiji has said, "My vision is an integrated healthcare system that builds on the best of different traditions". Also, the theme of G20-2023 hosted by India is "Vasudhaiva Kutumbakam – One earth, One family, One future", which also supports integrating different health systems rationally to work together as one.

Thus, it is planned to make it a significant event that brings together the experts from the field of Ayurveda and Modern Pharmacy to share & explore the need for integration in Herbo-mineral Drug & Pharmaceutical research.

This conference is open for Pharmaceutical Industry, Research scientists, Interns and PG/UG scholars of different systems. Scientific sessions with scholarly deliberations, parallel oral paper presentations and poster presentations will quench the thirst for knowledge of participants.
